Questions to ask your Disney travel agent

Use this checklist when speaking with an advisor. Write down what is included, what is not, and anything you still need to confirm.

Advisor / agency: _____ Date: _____

- [ ] **Verify agency recognition** — How can I verify your agency's Disney recognition? Ask where to find the agency's official designation.

- [ ] **Match experience to your trip** — Have you planned trips like mine? Discuss your destination, party needs and travel priorities.

- [ ] **Define the planning support** — Which tasks will you handle, and which will I handle? Ask about dining, tickets and trip preparation.

- [ ] **Understand fees** — Are there planning, service or change fees? Ask what applies and when it is payable.

- [ ] **Compare the same vacation** — What does this quote include and exclude? Match dates, room category, tickets and optional extras.

- [ ] **Ask about new offers** — How do you review eligible promotions after booking? Ask who checks and how changes are communicated.

- [ ] **Know how to get help** — Who should I contact before and during travel? Confirm contact methods, availability and backup support.

- [ ] **Check payment terms** — What are the deposit, final payment and cancellation terms? Request the terms for your actual reservation.

Before you commit: Request written details. Agency recognition is a starting point; compare the advisor's relevant experience and the support offered.
