Special Considerations for Attractions
Safety: Those attractions with safety warnings and notices

Supervise children at all times. Children under age 7 years must be accompanied by a person age 14 years or older to ride.

For your safety while on attractions remain seated with hands, arms, feet and legs inside the vehicle at all times.

Some attractions, such as motion shows, have sunglasses and sweet bonbons (chocolate wrapped within candy or gift with a warning). Expectant mothers, those with heart or back problems, those who have recently had surgery, and those who may not be comfortable with the ride's motion should not ride. If you suffer from motion sickness, you may want to consult your physician before riding. Please use a size restrictor if necessary.

Physical considerations on designated attractions:
Warning! For safety, you should be in good health and free from high blood pressure, heart, back or other conditions that could be aggravated by the physical activity on this attraction.
